

I listen to the K-LOVE in everywhere I am. Either at home, at work, or in my car. The positive music and encouraging words from K-LOVE helps me to be a more positive person. I cannot imagine what it would be without having this radio program, K-LOVE.

My wife and I moved to San Marcos from San Antonio, where we could listen to K-LOVE all the time. When we came to San Marcos in 2002, we did not have the program around this area. Early this year, K-LOVE was on the air area around San Marcos and Austin area. If K-LOVE is displaced by an LPFM broadcaster who will provide other program, my wife and I will not be happy about that because K-LOVE is our radio station. This radio program needs to be provided in other areas, where many people did not have access. A lot of people in my community will be affected terribly if we cannot hear K-LOVE any longer.

I believe the service provided by K-LOVE is in the public interest. First of all, K-LOVE is sponsored by the listerers. As an individual contributor of this program, I can tell you that many people in our community wanted to have this radio program by investing our own money into. This alone clearly states that K-LOVE is in the public interest. I also believe that our society needs to hear the positive music and encouraging words more often so that we, as a community, can be a positive impact in wherever we are.

Thank you so much for concerning this matter.

This is the very important matter to me, my family, and friends.

Sincerely,

Jin Ha
